**Subject:** Comments on the proposed Microsoft anti-trust case

To whom it may concern:

I strongly think that the settlement that DOJ has proposed in its antitrust case against Microsoft is too mild. It fails to force Microsoft to adequately make amends for its illegal maintenance of a monopoly in Intel-based operating systems, as upheld by the US Court of Appeals for D.C. This proposed settlement needs to be scrapped!

Sincerely,  
The Very Rev. Tony Begonja
